Introduction / Warm-up Activity (5 min)

1. Show the students the sentences with mistakes in homophones. Get them to spot the mistakes in the sentences and correct them.
2. Write the pairs of homophones on the board.

Lesson (10 min)

Correct Word Use

1. Go through any difficult words in **Exercise 77 – 80** with the students and explain what they mean.
2. You may want them to take down the definition of difficult words in their vocabulary book as you carry out your explanation.
3. Show the students an email with some missing words. Get them to use the words from **Exercise 77 – 80** to complete the email.

Classroom Activities / Assessment (10 min)

1. Let the students complete **Exercise 77 – 79 of Learning Vocabulary Workbook 5, pages 101 – 104** on their own.
2. Facilitate the students' learning by walking around to check their answers.

Additional Activities / Closure (15 min)

1. Divide the students into pairs. Each student from each pair must think of two words that he has learnt in the lesson. He must then explain what the word means to the other partner. The other person then has to write a sentence for each of the words the partner has explained.
2. Let them share the sentences with the class.

Optional Activities

1. Ask the students to complete **Exercise 80, page 105 – 106** as homework.
2. They should either write their homework details in their student handbooks or fold the pages of their workbooks.
3. Encourage each student to write a riddle for a word learnt in the lesson. Tell them that they have to select the words from the other options in the exercises that were not the answers.
4. You may want to specify how many lines the riddle should be.
5. Let them pin their riddles on the 'Writer's Wall'.
