

# Reading 1 — My Neighbourhood

I live in a five-room flat in Riverside Estate. I live on the fifteenth floor.

There are many shops near my house. Across the road is a supermarket. There are also bakeries, boutiques and eateries near the supermarket. I like to go to the coffee shop beside the supermarket because it sells my favourite prawn noodles. I eat there on weekends. My favourite place is the library, which is just behind the supermarket. I go there every evening to read books. On weekends, I go to the community centre nearby for ballet and piano lessons.

I like living in this estate. It is very convenient.
